NTCH Open School: Immersive Experience Day - Visit from the Taipei School for the Visually Impaired

2024 | Taipei, Taiwan

WORKSHOP CONTENT

The "NTCH Open School: Immersive Experience Day" offered a themed class and guided tour that enabled students to experience performing arts venues, interact with artists, and explore the various spaces of the National Theatre and Concert Hall under the guidance of professional docents.

The Taipei School for the Visually Impaired participated in the NTCH Open School - Resource Sharing program, which aimed to inspire students' diverse imaginations of sound. This initiative emphasized the importance of sound in life, encouraging students to use sound to express their ideas, create sound stories, and participate without needing a musical background. The focus was on listening and linking daily life experiences to trigger self-awareness.

By inviting teachers and students into the NTCH, the venue was transformed into an educational space, providing students with an in-depth understanding of the many facets of the performing arts.
